

TOWN OF NEWTOWN
BALLOT EXPLANATORY TEXT
November 2, 2021 Municipal Election
Prepared in accordance with C.G.S. 9-369b

**"Shall the \$8,000,000 special appropriation and \$8,000,000 bond authorization for the
Hawley-Ventilation and HVAC renovation project be approved?"**

Approval of this question will provide for the installation of new HVAC equipment in the 1921 and 1948 Sections of the building. The design plans include HVAC equipment, duct work, electrical service upgrade, piping modifications, building controls, ceiling and structural modifications. Also included is replacement of existing HVAC equipment in the 1997 Section of the building. All of the above modifications are set forth on the design plans prepared by Christopher Williams Architects. The existing heating plant for the building shall remain in use and is designed to operate with the equipment proposed above.

The full text of the resolution as prepared by Robinson & Cole and adopted by town government is on file and available for public inspection in the Office of the Town Clerk, 3 Primrose Street, Newtown CT.
